Gentlemen,

Please be advised that Blinn College intends to apply for a new workforce education program leading to a certificate and an Associate of Applied Science Degree in Therapeutics Manufacturing. It is our intent to submit an application for program approval to the Coordinating Board staff by February 21, 2011, and; if the program is approved, for implementation in January, 2012.

If members of the Region 7 Higher Education Regional Council or the Brazos Valley Workforce Development Board have questions about our intent to offer this program, please inform me as soon as possible.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Holt", written over a horizontal line.
